## SOUTH VERNON OIL FIELD HERO DIES THURSDAY

Chalmer Paschall, Third Victim of Oil Field Fire Succumbs to Burns—Buried Today—Sister Not Expected to Live

At 2:15 Tuesday, little Chalmer Paschall, boy hero of the South Vernon oil field fire, gave up the unequal struggle with death and went to join his mother and baby brother who were buried side by side in the same grave in East View cemetery shortly after the grim tragedy. His death came peacefully. He was conscious until a few minutes before he died. His sister Mildred, who was burned at the same time, shows no improvement. Little hope is held for her recovery.

Chalmer's death brought to an end a fight for life that was almost as heroic in character as was the deed which made the fight for life necessary. From the first, doctors maintained that the boy could not live, but for twelve days, twelve torturous days of constant suffering from the pain of seared flesh, he held on to life with the tenacity of a man many times his age. As he lay there across from his sister heroically evading the clutches of the cold fingers of death, he was cheerful until the last, smiling from time to time, though it must have wrenched every nerve in his aching body.

Young Chalmer was burned on February 7, when his mother dropped a small alcohol burner with which she had been generating an stove and turned over a can of kerosene, setting fire to the building. The mother and daughter were immediately enveloped in flames. Chalmer, mindful of the impending tragedy, was sleeping in a nearby tent. Aroused by the cries of the trapped occupants of the burning building, he rushed bravely to the rescue, although only a boy of 12 years. When he reached the fire, his mother and sister, Mildred, had escaped, but in the excitement they had left baby Nelson, lying on the bed.

The interior of the house was then a mass of flames, but with undaunted courage, the lad darted in to rescue his brother. He reached the baby, but the flames had worked their havoc, and even his courage could not again overcome them. Perhaps he might have saved himself. He didn't try, but chose to die with his brother. When rescuers arrived, they found him on the bed beside the charred form of the baby, while the flames greedily ate into his flesh. His was the supreme sacrifice for a loved one.

Funeral services were held this afternoon at the Underwood Funeral Home, and the little hero's body was laid beside those of his mother and brother. Rev. F. T. Johnson, local Methodist missionary, officiated at the ceremonies.

## Childress School Authorities Here To See Building

R. M. Harrison, superintendent of the schools at Childress and H. S. Black, member of the Board of Trustees, were in Vernon Wednesday for the purpose of inspecting the new high school building in company with Guy A. Carlander, architect. The Childress men also visited the Electra high school building in company with Mr. Carlander.

A bond issue of \$125,000 has been voted in Childress for the purpose of erecting a new high school building and the Childress men are making a trip for the purpose of inspecting buildings with a view of incorporating some of the ideas gained in the new building at Childress. According to Mr. Harrison, the number of scholars is rapidly increasing in Childress, the attendance at the present time being something like 200 in excess of the scholastic population a year ago.

Wichitans Here Wednesday  
Ed Howard, publisher of the Wichita Daily Times, and former master at Wichita Falls, and C. Clint Wood, prominent oil operators of this section, were here Wednesday on business.

## PARNELL'S O. K. IS GIVEN COLE FOR JUDGESHIP

Appointment of Vernon Lawyer to District Bench Is Announced by Governor After Consulting with Senator from This District

Robert Cole, member of the law firm of Cook, Cook & Cole for the past several years, has been appointed judge of the Forty-Sixth district court to fill the vacancy created by the resignation of Judge James V. Leak, according to press dispatches from Austin yesterday.

It is stated that Governor Ferguson sent Judge Cole's nomination to the Senate for confirmation after consulting Senator J. D. Parnell, of this district, who is said to have given his endorsement of the appointment. Judge L. P. Bonner was appointed to the vacancy several weeks ago by Governor Ferguson, but his nomination was rejected by the Senate due to the opposition of Senator Parnell. Press dispatches from Austin state that this was the only Ferguson appointee who was denied confirmation.

Judge Cole has been acting as special judge since Judge Leak's retirement, having been selected by members of the bar at Crowell and Quanah, where court has been in session since the resignation of Judge Leak to enter the practice of law here.

Prior to coming to Vernon Judge Cole was for years engaged in the practice of law at Crowell. He was at one time county judge of Ford County and has been active in legal and political circles of this judicial district for many years.

The appointment of Judge Cole and the endorsement of Senator Parnell is taken as an final disposing of the uncertainty surrounding the resignation of Judge Leak and the failure of the Senate to confirm the appointment of Judge Bonner. Judge Cole will serve the two remaining years of the unexpired term of Judge Leak, who was elected in 1922 for a four-year term.

## Local Churches Make Canvass of City Population

In spite of the strong wind which prevailed throughout the day Wednesday, workers of the local churches made a complete survey of the city. The workers began the work of canvassing early Wednesday morning and continued until late in the afternoon, completing the survey in one day. Many women braved the wind all day in order to aid in the canvass.

Contrary to first reports, about fifty workers canvassed some districts. The city was divided into four districts, each church having charge of the work in one district. The work of tabulation has been started and will be rushed to completion. Estimates run around \$600 for the total population of the city.

## VERNON MEN TO SERVE AS JURORS AT WICHITA

The following Vernon men will leave for Wichita Falls, Monday, where they will serve as jurors at federal court:

I. S. Sewell and N. R. Heath will serve on the grand jury and S. C. Hogsett, R. D. Shive, Joe Sumner, L. K. Johnson, W. Hy Rogers, and R. W. Ferrell are summoned for the petit jury.

## ELECTRA MAN BURIED TODAY AT EAST VIEW

Houston Tackitt, 45, of Electra, died here yesterday afternoon at 5 o'clock. His death was caused by an illness of long duration.

He is survived by a wife and a little daughter, and one brother, Frank Tackitt of Breck, Oklahoma. Interment took place at East View cemetery at 2 o'clock this afternoon. A minister from the Nazarene church at Electra, officiated.

## HELD AT WELLINGTON FOR ODELL ROBBERY

Sheriff Frank Edmonson has located, who it is alleged, took a large amount of meat from the house of H. N. McDougal at Odell Wednesday night, and has sent a deputy to Wellington after them. They are being held by the Wellington officers.

The thieves took the meat from Mr. McDougal's smoke house Wednesday night. Constable Guidon was called early Thursday morning. He tracked the thieves for some distance, but finally lost trace of them.

## Men and Women in News of the Day

Above: KING CHRISTIAN & PRINCE ZERDECHENE  
Below: HANFORD MACNIDER & MRS. K. RHINELANDER

Mails of the United States, it is charged, are flooded with requests to speculate in a big Danish lottery, said to be sponsored and guaranteed by King Christian of Denmark. "Prince" Zerdechene, self-styled Emir of Khurdistan, has been deported from New York to Europe by Federal authorities. Hanford MacNider, of Mason City, Iowa, former national commander of the American Legion, has been secretly married in Mason City to Miss Margaret McAuley, his boyhood sweetheart. Mrs. Leonard Kip Rhineland, in whose veins is said to be negro blood, and whose marriage to the son of the famous New York family caused a sensation and a suit for annulment, laughed at the statement that her name was to be omitted from the social register, after having appeared in a monthly supplement.

## TO START AT ONCE ON NEW ICE PLANT SUIT IS FILED IN OIL STOCK SALE

GROUND WILL BE BROKEN NEXT WEEK FOR BUILDING ON CUMBERLAND AND OLIVE TWO DIRECTORS OF SOUTH VERNON COMPANY MADE DEFENDANTS IN COURT ACTION

Contracts have been closed for the erection of the building to house the new ice plant of the Vernon Electric and Ice Company, to be located at the corner of Cumberland and Olive Streets, and ground will be broken next week, according to present plans.

The general contract was awarded to Sumner-Collett Company of San Antonio. The plumbing, sheet metal work and steel was awarded to the North Texas Hardware Company of this city and the lumber will be supplied by the Long Bell Lumber Company of Vernon. Machinery is being assembled and the first unit of the ice plant will be in operation by May 15, it is announced, although the entire building and plant will probably not be complete before June.

Two 15-ton ice manufacturing units will be installed. It was first planned when the plant was first contemplated to install only one such unit this year, but the growth of the city has been so rapid that it has been deemed necessary to install the two units this season, with the possibility of still further increasing the capacity of the plant this summer.

The building and plant when completed will represent an investment of approximately \$30,000. This is a considerably larger sum than was contemplated when the improvement was first authorized.

## Childress Rainbow Girls To Exemplify Work Here Saturday

Childress Rainbow Girls will exemplify the degree for the local chapter Saturday night at the Masonic hall. The officers will arrive on the Denver at noon, accompanied by chaperones and members of the Childress Eastern star. They will be entertained in the homes of the local members of the Rainbow Girls and Eastern Stars for lunch and dinner and will have a slumber party after the initiation.

All Eastern Stars and Masons are invited to see the impressive degree conferred.

Dr. E. L. Moore Returns.  
Dr. E. L. Moore, pastor of the Presbyterian church has returned from Iowa Park, where he assisted the pastor of the Presbyterian church, Dr. E. S. Lowrance, in a revival meeting. He reports a splendid meeting.

Vernon Band To Play.  
The Vernon Concert band will give their first open air program of the season tonight at 8 o'clock at the bandstand on the court house square.

## BOND ELECTION IS SCHEDULED FOR APRIL 21

City Officials Take Definite Action on Vital Problems—People To Decide Water and Pavement Questions Next Month

At a meeting of the city commissioners Wednesday afternoon, an election was authorized for April 21, for the purpose of voting on the issuance of \$20,000 street paving, and \$15,000 water works bonds.

The two projects have been under discussion for some time, and both are of vital importance to Vernon. If issued, the street paving bonds will be used to complete the pavement of South Main street, and Fannin Street. This will connect the Main street pavement with the paved portion of the highway leading to South Vernon oil field. Completion of the Fannin street pavement will relieve traffic on Main street across town from Paradise to Texas street.

The water works bonds will be used to relieve general water conditions which have been the subject of much grave comment lately. During the winter months, the water supply force has been taxed to its utmost to supply sufficient water to meet the needs of Vernon's growing population. Without any increase in population, consumption will be increased about 50 per cent during the summer months, according to city officials. But the records show that new consumers are connecting up with the water system at the rate of 20 to 30 per month. Estimates indicate that eight people use water from each connection. The enormity of the increase is evident. Already the population of Vernon is using an average of half a million gallons of water daily.

With an increase in demand for water caused by a growing population and the summer months, \$15,000 will be none too much to take care of the situation, city officials agree. With this amount, wells will be sunk on the city property west of town. City officials state that this will adequately meet the demands of the summer months.

## Kopp Resigns; To Represent Cisco College

Rev. L. P. Kopp, pastor of the Central Christian church tendered his resignation at the regular services of the church last Sunday. He has accepted a position with Cisco College, and will represent that college as a solicitor of funds. He will hold his last regular services here at the Central Christian church next Sunday. He will leave for the Cisco institution near April 1.

Rev. Kopp has been serving the Christian church of Vernon for three years. During that time he has made many friends here who regret to see him leave. He has been soliciting funds for Cisco College for some time.

## ARMSTRONG TAKES OVER MOTOR SALES AGENCY

W. M. Armstrong of Henderson, has taken over the agency for the Studebaker car, and will be located at the Hagler filling station for a short while. Later his sales department will be moved to larger quarters at 1815 Fannin street, taking over the building now occupied by the Wyatt Motor company.

Carey Alger and Fred Cover, of Henderson, will act as salesmen.

## TAYLOR COUNTY OFFICIALS HERE TO INSPECT ROADS

Members of the Commissioners Court of Taylor County, Texas, of which Abilene is county seat, accompanied by the County Engineer, arrived here yesterday afternoon for the purpose of inspecting the concrete roads in Wilbarger. Members of the party were Carlos D. Speck, County Judge; Commissioners H. E. Meyers, H. N. Newby, J. R. Trammell, and Phillips Diltz; and Engineer W. A. Riner.

## APPEAL FOR NEW TRIAL DENIED FOR STEVE SKINNER

The Criminal Court of Appeals at Austin Tuesday dismissed the appeal for a new trial of Steve Skinner, who was convicted in District court here last year, and sentenced to three years in the penitentiary. Skinner was arrested on December 21, 1923 for having intoxicated liquor in his possession for sale.

## HOTEL PROJECT TO BE HANDLED BY COMMITTEE

Twelve Men To Have Charge of Proposed New Hostelry Are Appointed at Regular Monthly Luncheon of Chamber of Commerce Yesterday

About fifty citizens of Vernon and a number of visitors from Frederick, Davidson and Oklaunion, here to attend a conference on the proposed toll bridge between Vernon and Frederick on Lee Highway, attended the second monthly Chamber of Commerce luncheon at the Presbyterian Church yesterday afternoon.

Most of the time was devoted to the discussion of the proposed bridge by the visitors in the city and the announcement of plans for the banquet to be held at Elliott next Friday night under the auspices of the local Chamber of Commerce. Short talks were made by J. L. Newland, editor of the Frederick Chamber of Commerce; E. M. Cason of Hollister, chairman of the Tillman County Commissioners Court, O. C. Ball of Manitou and John Williams of Davidson, the other two Tillman County Commissioners, J. G. Norwood of Davidson; and Roscoe Rainwater of Oklaunion.

The proposal to encourage the erection of a hotel in Vernon, discussed at the February luncheon, was not discussed on account of the lack of time. The committee, which the president of the Chamber of Commerce was instructed to appoint at the February meeting, was announced. The committee will hold its own meetings and take whatever action is thought best in the hotel matter.

The committee is as follows: R. H. Coffee, J. M. Napier, T. A. Key, J. L. Showers, O. L. Pearson, W. W. Duke, R. S. McConihe, Dr. T. A. King, Emory Rhoads, Harry Mason, George Darden, Fred Russell.

The committee is to begin its work at once and outline a plan to secure the necessary money to insure the financing of a hotel.

## OKLAUNION PASTOR ADDRESS STUDENTS AT THOMPSON

Rev. W. M. Reed of the Oklaunion Baptist Church talked to pupils of the Thompson school on Monday, March 16. The subject of his address was "Four in One", which was based on a scripture found in the 23rd chapter of Luke that scripture being "And Jesus Grew in Wisdom and in Stature and in Favor with God and Man." The talk was very much appreciated by students and faculty and was an inspiration to every one who heard it.

## New Electric Soap Opened.

T. J. Renfro, of Muskogee, Oklahoma, is opening up a battery and electric shop in the building now occupied by Coker and Taylor. Mr. Renfro has had years of experience in his line of work.

## Tentative Agreement Is Reached For Construction of Toll Bridge Between Oklaunion and Davidson

A tentative agreement was reached here yesterday afternoon whereby a toll bridge will be constructed on Lee Highway across Red River between Oklaunion and Davidson. The agreement was reached after a conference of several hours between Chamber of Commerce officials of both Vernon and Frederick, representatives of Davidson and Oklaunion, members of the Commissioners Courts of Tillman and Wilbarger Counties, Dr. E. M. Johnson, of Washington, D. C., director general of Lee Highway Association, and Messrs. J. A. and J. I. Staley of Wichita Falls.

The outline of the agreement provides that Messrs. Staley will construct and operate and at their own expense a toll bridge across the stream, work to begin at once and be prosecuted diligently until completed. The agreement is to be drawn up by attorneys of Messrs. Staley and the legal advisor of the Tillman County Commissioners and to become binding when signed by Messrs. Staley and approved by Tillman County and the executive committee of Lee Highway Association. All vital points were agreed on at yesterday's conference and it is now believed that it is only a matter of a few days until the

## South Vernon Company Completes Three Additional Wells For Good Production From 1300 Foot Level

McCamey, Sheerin & Lucey Lease Is Unusually Active With Large Number Rigs Running, in Addition to Completions

Three completions by the South Vernon Company on their Stephens lease, with a possible fourth to the list of completions before the week ends, and a number of important developments on the McCamey-Sheerin-Lucey leases were the features of the week's operations in the South Vernon pool, with the largest number of rigs running of any week since the pool was opened.

The South Vernon completions were No. 12, 13 and 14 Stephens, with No. 6 Stephens being tested out in the 1300-foot stratum. The three completions are all in the 1300 foot level near the southeast corner of the Humble's shallow pool. No. 6, while it had been abandoned was considered as being of little value several weeks ago when it missed the shallower sands and the rig was shut down at 1963 feet. During the past week the oil rose in the hole and later began flowing, it was decided to clean it out and give it a thorough test. It may be necessary to drill a little deeper in this hole in order to develop its full possibilities as a producer. South Vernon No. 3 Stephens is being deepened from the 1200-foot level. This is one of the three original wells drilled in the pool was a small producer on the shallow sand. It is being deepened with a view of making a bigger well.

McCamey-Sheerin-Lucey had two completions on the Stephens tract. Their No. 3 Richardson failed to get the 1300-foot pay and is now drilling at 1400 feet. This concern announces four new locations and now drilling at 1400 feet. This concern announces four new locations and have started their No. 10 Stephens. A number of rigs are running on this lease with four wells due to pick up the pay within the next few days. These are No. 5, 6, 7, and 8 Stephens and No. 6 Richardson.

No developments of importance were recorded in the strictly wildcat operations during the week, though several wells are nearing the interesting levels where the pay may be picked up for new extensions in the proven area. North Wilbarger is coming in for a big play with a number of wildcats in operation. These will be watched with much interest by the oil fraternity for a possible new field.

## Amarillo Architect Here.

Guy A. Carlander, of Amarillo, architect on the new Baptist Church to be erected here, was here this week in conference with the building committee and pastor of the local congregation with reference to plans for the new church building.

The annual sermon will be preached by Bishop Moore of Dallas at the Boston Avenue church. Bishop James Cannon Jr., of Washington, D. C., will consecrate the deaconesses at a service Monday, at which time Miss Lora Long, a Vernon woman will be one of the large class.

## ODELL MEN ARRESTED ON BURGLARY CHARGE

Charles and Argyle Guidon, both of Odell, were brought back from Dallas, where they were being held for local officers, by Sheriff Frank Edmonson Wednesday. The two men were arrested on the charge of entering and robbing the Odell Drug Store about a month ago. Preliminary hearing was held this afternoon at 1 o'clock.

### Three Strong Plays At Pictorium, Today Saturday and Monday

Back to his "enduring rags" once more, Jackie Coogan came to the Pictorium Theatre today in his latest Metro-Goldwyn picture, "The Rag Man." Those folk who have been demanding to see the Jackie they first loved in "The Kid," will have their opportunity, for he is said to have a similar role that gives him just as much chance for pathos and even more for comedy.

The story was written especially for the child star by Willard Mack. Tomorrow, William Desmond is here in "Big Timber," a red-blooded drama of the great north woods, from the story on "Little E. Roe," directed by William Craft, starring William Desmond, the greatest exponent of the two-fisted human characters on the screen today. Supported by a distinguished cast including Betty Francisco, and Olive Hasbrouck, a new find in the films. Clean, fast, exciting, romantic

drama, in the heart of the timber country.

A vigorous, wholesome outdoor picture, especially beautiful. Thrills, laughter, and always romance. A picture for any person—anywhere! Swiftly moving in the right direction to a tremendous climax. A forest fire greater than anything ever seen on the screen. Photographed in the heart of "The Sugar Pine Forests of California."

"The Silent Accuser," the Metro-Goldwyn picture coming to the Pictorium on Monday and Tuesday, is an innovation in that it makes use of a situation never done before.

A highly intelligent police dog is the only witness to the murder of the heroine's stepfather. Through the dog's almost human instinct, the hero, who is accused of the crime, escapes prison. In a thrilling adventure story, the hero is acquitted and the murderer found, by the help of the dog and the heroine, who disguises herself as a boy.

### MISS SUMNER ENTERTAINS TUESDAY BRIDGE CLUB

Miss Adelle Sumner of Hill Crest Heights was hostess at a lovely party, Saint Patrick's day when she entertained members of the Tuesday Bridge club and other guests. In keeping with the occasion, Irish green formed part of the decorations and this motif was carried out in the place cards and favors, which were shamrocks of Erin. A hint of spring was conveyed in the roses and sweet peas in the rooms where the guests played.

Mrs. Joe Sumner was the lucky winner of high score. Mrs. Joe Ellis received the prize for low score and Miss Nelle McKibbin won the coveted guest prize. Each was presented with a lovely gift. At the close of the games a delicious two course menu was served to club members: Mesdames E. L. McCarter, E. O. Youngblood, Clint Rodgers, Joe Sumner, Dan Sumner, George Hardin, Clint Swartwood, Frank Ford, Orin McCurdy, John A. Storer and Miss Esther Swartwood and guests of the club: Mesdames Joe Ellis, Fred Hanna of Albus, Robert Ferrell, Katherine Waggoner, W. T. Waggoner Jr., Louie Bomer, Daniel Bond, J. V. ### Night Coughing Stopped Quickly By Simple Treatment

Thousands who are troubled with persistent coughing at night, which robs them of valuable sleep, weaken their systems and lays them open to dangerous infections, can quickly act to prevent this danger through a very simple treatment. People who have hardly been able to rest at all on account of coughing spells find they can sleep the whole night through undisturbed often the first time they try it.

The treatment is based on a remarkable prescription known as Dr. King's New Discovery for Coughs. You simply take a teaspoonful at night before retiring, and hold it in your throat for 15 or 20 seconds before swallowing it, without following with water. The prescription has a double action. It not only soothes and heals soreness and irritation, but it quickly loosens and removes the phlegm and congestion which are the direct cause of the coughing. The result is you usually sleep soundly the very first night, and the entire cough condition goes in a very short time.

The prescription is highly recommended for coughs, chest colds, hoarseness, and bronchitis, and is wonderful for children's coughs and spasmodic croup—no harmful drugs. Economical, too, as the dose is only one teaspoonful. At all good druggists. Ask for

WE ARE OPENING IN THE  
Hagler's Filling Station  
building at 1831 Wilbarger street until other building on South Fannin Street can be obtained a  
**STUDEBAKER SALES and SERVICE STATION**

for Vernon and Wilbarger County Territory  
We are offering for your inspection and approval all the new Studebaker models, which include a car of the right size, style and price to meet every motoring need.

There are three distinct new models in nineteen body types, including an entirely new type of car—The Duplex, which combines closed car protection with the advantages of the open car. Each model is a Six—each a Studebaker and each a dominating value.

Studebaker has gone far beyond current practice to make these new cars an outstanding development in the automobile industry.

Some of the new features are full sized balloon tires, natural wood wheels, real Spanish grain leather upholstery in Duplex models and genuine mohair in closed models; new body finish, new ball type accelerator, new emergency brake, new lighting control on steering wheel, automatic spark control, new fenders, new lamps, new radiator and hood, improved unit power plants, ease of steering and gear shifting and many other new features which you cannot appreciate until you have seen and driven the car.

All the great resources of Studebaker's long and successful experience and unexcelled engineering and manufacturing facilities have been utilized to make still better a line of cars which has been so satisfactory to nearly a million owners.

The fact that Studebakers are built complete in the large, modern Studebaker plants, of which the body plant alone cost \$10,000,000, insures highest quality throughout and effects large savings to the purchaser because of the elimination of middlemen's profits. No maker of any car at any price gives you more.

Permanent roads are a good investment — not an expense

## An Extra Gasoline Tax of from 6 to 20 Cents Per Gallon

Your gasoline bills run into real money.

But have you ever stopped to figure how much of this is in the form of an incredibly high gasoline tax?

Let's see what happens when you leave the Concrete Highway and take to a gravel or a dirt road.

Conclusive tests have proved that a gallon of gasoline will carry you only two thirds as far on a gravel road as on a Concrete Road. On a dirt road a gallon of gasoline will carry you only half as far as on Concrete.

With gasoline at twenty cents a gallon, you would thus pay a gasoline tax of more than 6 cents per gallon on the gravel road and 20 cents a gallon on the dirt road.

These are figures you can't get away from. You can prove them yourself.

And remember that every time you travel on either a dirt or a gravel road you also increase wear and tear on tires and run up your general repair bills.

Why continue to pay these high taxes and get nothing in return but the discomfort and inconvenience of unpaved roads and streets?

Let your local officials know you want an adequate system of Concrete Roads and Streets. They are just as willing to build them as you are anxious to get them.

But they must have your support.

## BAPTIST WORKERS AT ODELL CHURCH

WILBARGER-FOARD ASSOCIATION  
TO HOLD TWO-DAY SESSION NEXT WEEK

The monthly workers' conference of the Wilbarger-Foard Association will be held at the Baptist church at Odell, Monday and Tuesday, March 23 and 24.

It is earnestly desired by the members of the conference that a full report be received from the various churches of the association as to the progress of the work of the church, including Sunday school, B. Y. P. U. and Women's Missionary Union.

A cordial invitation is extended to

deacons and pastors of all the churches to attend.

Tuesday afternoon at 1:30 o'clock the Woman's Missionary Union will have charge of the program and the following program will be given: Devotional, Mrs. R. L. Harrell, "Benevolence," Mrs. B. C. Wood, "Personal Social Service," Mrs. John Martin, "Missions," Mrs. J. E. Billington, "How We May Enlist Our Women in the Work," Mrs. Roscoe Rainwater.

The following is the workers' conference program for the two days:

7:30 a. m., Devotional—Rev. G. H. Welch.

### DOANS NEWS.

A real sandstorm hit here Tuesday night. The wind blew a gale most of the night, followed by a slight freeze. Some were afraid the fruit would be killed, but it is thought not to be greatly damaged. The trees are in full bloom.

Mr. and Mrs. Bill Price and Mr. and Mrs. Kell Patterson of Vernon, visited Mr. and Mrs. J. J. Armstrong, Sunday.

The children of Mrs. E. E. Van Camp are slowly improving from a recent attack of pneumonia.

We are very glad to hear C. F. Doan is improving. He has been ill for some time at the home of his daughter, Mrs. Bertha Ross, of Vernon.

Mr. and Mrs. R. A. Eaton and son, Luther, spent Sunday with Mr. and Mrs. Edd Armstrong.

Misses Ruby Adair and Thelma Eaton attended singing at Fargo Saturday night.

Rev. and Mrs. W. W. Adams, Mr. and Mrs. John Kuapp and children, Mr. and Mrs. Carra Adams and children, all of White City, spent Sunday with Mr. and Mrs. Lee Armstrong.

Leo Cox of Vernon was in this community on business Tuesday.

The Literary will meet Thursday night. A fine program has been arranged by the teachers and pupils of Doans school.

Lee Armstrong returned from the Rio Grande Valley Saturday. He reports a fine trip, and likes the valley fine. He attended the Fat

Stock show at Fort Worth on his return.

Mrs. Lee Armstrong and children visited her parents, Mr. and Mrs. W. W. Adams of White City, Thursday.

Mr. and Mrs. Mayo of Tipson, Okla., visited Mr. and Mrs. J. R. Harrison, Monday.

Mrs. Blocker and children of Stanton, who have been visiting her sister, Mrs. J. S. Rowland, have returned to their home.

Edd Armstrong has erected a new garage and cellar on his place.

Mrs. Porter Stinnett and son, and brother, Keefe Rowland, of Vernon, spent Saturday night with their parents, Mr. and Mrs. J. S. Rowland.

Mr. and Mrs. Hub Thompson and S. V. Shultz were callers in the home of Mr. and Mrs. Linden Moore Monday night.

Theo Stafford of Fargo, was in Doans Tuesday on business.

Mr. and Mrs. Lee Armstrong went to Vernon Saturday afternoon.

The young folks met at the school house Tuesday night to practice their pieces for the Literary.

Some of the gardens in this community are looking real well, but they are needing rain.

The farmers are all very busy now plowing their ground and some have planted corn, but a good rain would certainly be appreciated.

Mr. and Mrs. Lee Armstrong were in Vernon Monday on business.

Miss Grace Bowers left last week for Fort Worth where she will attend school.

S. V. Shultz spent last week end with home folks at Moss, Okla.

Little Alva Mae Thompson is recovering after being sick, caused from a spider bite.

J. J. Armstrong is digging a water tank in his pasture.

Luther Eaton and Cyril Shapoy were Fargo visitors Sunday afternoon.

A baseball team has been organized at Doans.

SHOPPING CENTER OF VERNON

No smarter or more original styles are portrayed by Vogue or Harper's Bazar than these new arrivals

## Dresses

Just as this paper goes to press we are placing on display, scores of the season's newest printed Georgettes. Some give that flash of brilliant color connecting spring's new mood—Some achieve genuine smartness with black.

## Color

is the keynote of the newest Spring Hats

The color note predominates now to an extent that's unusual this early in the season.

Thistle bloom, orchid, madline rose, Indian orange, chili beve and black are among the prevailing shades.

Lovely soft colors are blended in ombre effects or are emphasized by the staccato of a single brilliant flower.

## For Little Ladies

The younger miss can be hatted most pleasingly from our new arrivals.

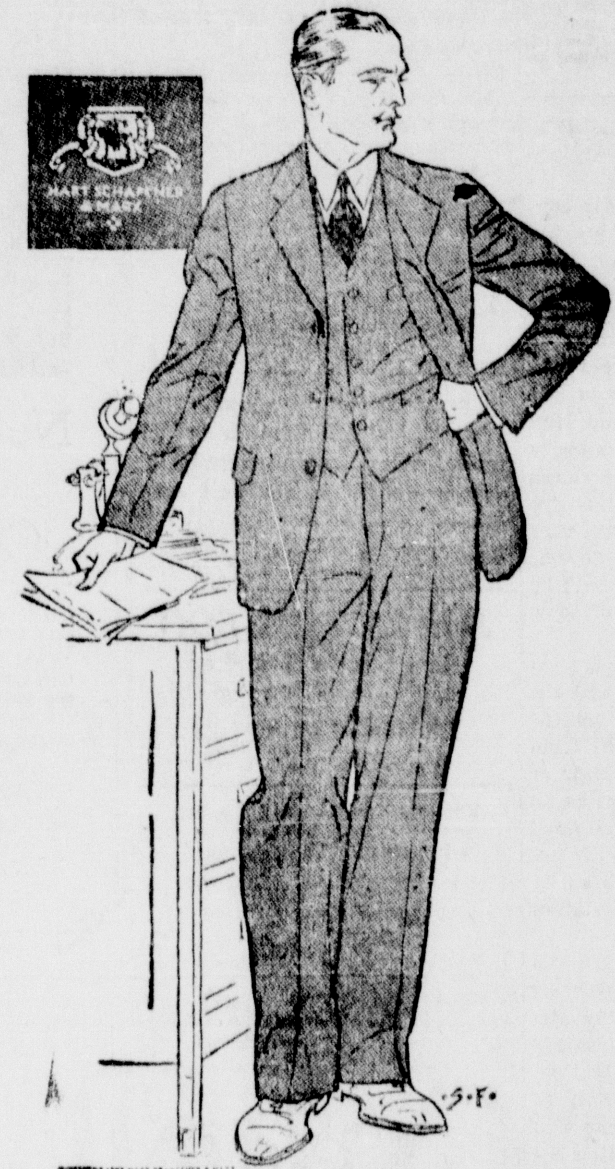

Milans, Bangkoks, Ribbon and Straw, Georgette Pokes, some flower trimmed affairs with shirred ribbon crowns and Leghorn brims—These hint at the variety and cleverness of this showing.

Our Hats are always "right" for the younger wearers, and we believe you'll agree with us that the new selection for spring is "right" than usual. There are styles and color effects that grown-ups might envy—An early selection is best.

**IMPORTANCE OF THE JUDICIARY.**

The Legislature had up for consideration a bill that would provide for the nomination of appellate judges by the convention method, rather than through the direct primary, as at present. Any one who has very seriously considered the importance of the judiciary in our system of government and the further fact that its importance is not often appreciated by the voters when they come to register a choice for positions on the bench will very readily subscribe to the statement that the public interest would be served by the enactment of some such a bill.

The judiciary is not a political branch of the government, and the qualifications for positions on the bench are radically different from those of an acceptable legislator or executive. A judge must act as an interpreter of the law and the arbiter of the disputes between citizens. One of his chief duties is to sit in judgment on the acts of legislators and executives. That he must be well poised and removed from the taint of partisanship goes without saying. If he is to acceptably discharge the duties of his office, he must likewise be free of obligation, either politically or otherwise, to any person or group of persons who might be interested in litigation before his court.

Quite often these qualities are possessed by men who lack the ability or the inclination, or both, to engage in a handshaking campaign to win the office. And if a competent judge does possess these qualities and, fortunately, many of our judges are capable of waging a successful campaign without in any wise surrendering their independence or lowering the dignity of themselves or the office sought, he ought not to be compelled to employ the wiles of the politician to win an office.

But we cannot ignore the fact that many men win places on the judiciary whose only qualification is that of a successful vote getter. Through the direct primary we do not always get the best available talent for the bench, not because the bench is not attractive to lawyers of ability, but because the goddess of political success is extremely fickle. Issues, quite foreign to the duties of judges, very often have a determining effect upon a race for a judicial office, and many men of judicial ability do not care to run the risks of political effacement when the reward is very often bestowed upon those of least ability. It is to be regretted, of course, that the measure did not finally pass both houses of the Legislature. The fact that it did pass one house, however, is cause for encouragement. It indicates that our lawmakers are beginning to recognize

the fact that it is possible for even the people to err in matters where their opportunity for full information is small. That is progress and lends color to the hope that the time is not far distant in Texas when judicial qualifications will take precedence over political considerations in the all-important matter of selecting judges of courts. The only fault The Record can find with the bill in question is that it proposed to extend the reform only to judges of appellate courts, instead of including our district judges in the provisions of the bill. The district court is one of the most important institutions in our judicial system. Our most sacred rights as citizens are in the keeping of the courts, and quite often it is impossible for the higher courts to correct errors of the lower courts. If it is important that our appellate judges be selected with a sole view to their fitness, it is equally true of district judges.

## ENCAMPMENT OF SCOUTS IN MAY

WILBARGER BOYS TO SPEND  
WEEK AT CRATERVILLE  
PARK—PROGRAM READY

Owing to a change in dates, the annual encampment of the Wilbarger county Boy Scouts will be held at Craterville Park, Oklahoma, during the week from May 18-26, according to Scout Master G. L. Taylor. The new date will allow the boys to go into encampment immediately after the closing of school, and will not cause them to lose as much time as they otherwise would, Mr. Taylor states. It is also thought that this date will be better suited to the farm boys, as they will not be busy with farm work at that time.

The daily program for the scouts during encampment week will be as follows:

### BAPTIST WOMEN ENTERTAIN WITH ST. PATRICK TEA

The Saint Patrick tea at the home of Mrs. T. A. Key of Paradise street given by the women of Circle No. 4 of the Baptist church proved to be one of the most delightful social occasions of the season. The color scheme of green and white was carried out in showers of shamrock, ivy and plum blossoms, over the tea table. Baskets of ferns and white cut flowers were arranged in the living room, and dining room. The tea table was lovely with its ebony cover and handsome silver tea service and cut glass.

Mrs. L. A. Foster attired in green and white presided over the tea table assisted by Mrs. Walter Howell, who served wafers and minis, Mrs. L. C. Hooper and Mrs. C. M. Blair were at the sandwich table.

The guests were met at the door by Misses Ethel Hancy and Fay Huggott and Mrs. S. A. White. After tea the guests were ushered into the living room where the following program of old Irish songs and readings was given:

Reading, "Saint Patrick's Birthday," Miss Alice Stokes; piano solo, Mrs. E. A. Vernon; reading, Miss Nathan Bowers, Irish song, Miss Helen Williams, reading, Mrs. J. N. Wright; violin solo, Miss Pauline Goetze, reading, Little Miss Dorothy Key; "Mother Machree," Mrs. O.

T. Gilmore of New York City; reading, Mrs. Robert Lutz; sextette, Mesdames Vernon, Huggott, Hockersmith, Howell, Hughes and Fielder; piano, Miss Williams.

A large number of local women attended the affair and out of town guests included Mesdames Lancaster House, McKinnon, McPherson, Roberts, Wey and Miss Bess Vernon, of Chillieth and Mrs. White of Fort Worth.

## EASTER

Easter, the day when Fashion puts her best foot forward, will soon be here. Have you been thinking in an Easter Costume way? It is time you do, for this is a season when simplicity succeeds, and by careful, leisurely choosing you may have a fashionable wardrobe without extravagance. On the front page of fashion stands ensembles, vividly colored frocks and flare-devoted Coats. Enjoy these new modes!

### Newer Hats Fit for Easter

Clusters of delectably colored flowers trim Bangkok Hats quite small but tremendously pert. Shaded ribbons glorify smart milans, making them lovely assets to the summer girl's wardrobe. Two hints only of what your Easter Hat may be!

### Mites of Smartness Here and There

Style-minded persons, knowing the importance of unusual Accessories, invariably come here to choose their fashion mites. This spring they see crisp, fair flowers to tinge with chic each simple costume; scarfs, in opal colorings; wheat-colored gloves; raffia hand-bags—everything to accord with natural and pastel-colored successes of the season.

## President Baylor College To Speak At Baptist Church

Dr. J. C. Hardy, president of Baylor College, of Waco, will arrive in Vernon Saturday afternoon, and will speak at the Sunday morning services of the First Baptist church, according to Dr. E. F. Lyon, pastor. According to Dr. Lyon, Dr. Hardy is one of the foremost educators of the nation, and those who are interested along educational lines, either for themselves or their children, will have an unusual opportunity to hear something worth while from one of the most attractive speakers of Texas. A special invitation to hear Dr. Hardy has been extended to the senior class of the High school. The public is also cordially invited.

Dr. Hardy has been at Baylor College for the past twelve years, coming there from Mississippi A. & M. Under his direction, the Belton institution has become the second largest girls' school in the United States.

## BRONCHITIS

Leaves a bad cough; so does "flu." But you can stop these lingering, weakening, sleep-disturbing coughs with

**CHAMBERLAIN'S COUGH REMEDY**

Used and recommended since 1872, it has relieved the coughs and colds of both children and grown persons everywhere.

Keep a bottle in your home all the time. No Narcotics. Sold everywhere.

## Coughs Always Dangerous—Quick Way to Stop Them

Chronic coughs and chest colds often lead to more serious trouble. Not only is the infection itself dangerous, but the continual coughing spells day and night so weaken your entire system that you can no longer fight off disease.

So stop a cough the quickest you can. To do this there is nothing better than old-time tried and proved remedy—Dr. Bell's Pine-Tar Honey.

Doctors say there is nothing like pine-tar extract to quickly loosen and remove the phlegm and congestion which are the direct cause of the cough, while the honey both gives a pleasant taste and helps soothe irritation.

The quick relief to the stubbornest coughs often seems almost magical.

But be sure you get the genuine Dr. Bell's Pine-Tar Honey, and no substitute. Dr. Bell's is the original pine-tar honey and has been known for over a quarter of a century as the best.

It is scientifically compounded of just the right proportions of pine-tar, honey and other quick-acting, healing ingredients which the best doctors have found to aid in quick relief.

Contains no opiates or other harmful drugs, so can be given even to young children—fine for spasmodic croup. If you want the best, a medicine that often relieves the severest cough overnight, make sure you get Dr. Bell's. Only 30c at all good druggists.

**Federal Officer****Inspects Company "L" Wednesday**

"Very good," was the comment of Captain J. H. Hilling, national guard inspector, on the local company of the 142nd infantry. Captain Hilling would not make any statement as to the specific rating given the company, but stated that the only fault that he noticed was that of small attendance.

The company was lined up and reviewed by Captain Hilling Tuesday night. The records of the unit were also examined, and they showed a small attendance throughout the year, according to Sergeant D. Kale.

Captain Clyde D. Watts, commandant of company "L," took Captain Hilling to Crowell Wednesday morning.

## MORE ABOUT The New Cornell (SOCIETY BRAND)

We never saw a model so well liked. This spring we have gone in for it pretty strong. Had it made up in beautiful exclusive fabrics. Nothing like them. Nothing like the model, either.

Mayor Harry Mason announced yesterday. This rodeo will bring a number of trick riders, expert ropers, bulldoggers, and more than fifty horses to Vernon. Mr. Mason stated.

The Hastings Rodeo performed in Fort Worth during the Fat Stock Show. It has showed in London, New York, and various other large cities, according to Hank Carlisle, one of its representatives.

Among the riders who will be brought here are: Mike Hastings, World's champion bulldogger; Fox Hastings, reputed to be the first and only woman bulldogger; Mabel Strickling, famous woman trick rider; Rube Roberts, Shorty Rickard, Dan Utley, Hank Carlisle, The Barton Gray, of Paducah, will be among the horses brought here.

The fair grounds have been arranged so that it will be possible to give two performances a day, afternoon and night. All local riders, both men and women, are invited to participate in any event. Several hundred dollars in prizes are offered for the winners of each contest, Mr. Carlisle states.

## FIRE DESTROYS LARGE BARN FOR O'BRIEN

A fire of undetermined origin recently destroyed a large barn, 250 bales of hay, \$200 worth of harness, and some feed belonging to C. E. O'Brien of Route 2, Tolbert. It is thought that the fire occurred from internal combustion of the hay.

The fire started in the west end of the barn when a strong east wind was blowing. Mr. O'Brien stated that had the wind been from the other direction he would have lost everything.
